

# The Kaiju Connection

Lyrics: Gary McGath, Copyright 2024

Music: "The Rainbow Connection"

A F#m D E  
Why are there so many films about kaiju

A D Bm  
And thousands the beasts leave dead?

A F#m D E  
Kaiju are monsters but only in movies,

A D Bm  
And monsters have nothing to dread.

Dmaj7  
When they're first seen, not a soul can believe it,

C#m7 E  
But soon all are turning to flee.

D E C#m F#min  
Someday I'll find it, the kaiju connection,

D E A  
King Kong and Godzilla and me.

Who said that every film would draw in the public  
If it had a monstrous star?  
Honda once thought of it, his backers believed him,  
Look what it's done so far.

All they've been doing keeps filmgoers viewing,  
When they launch a new wreckage spree.  
Someday I'll find it, the kaiju connection,  
King Kong and Godzilla and me.

E A E  
All of us under its spell.

D A E F  
We know that it must be mad science.

Bb Gm Eb F  
Have you been half asleep then wakened by screaming?  
Bb Eb Cm  
I've heard crowds yelling the name.  
Bb Gm Eb F  
Is this the creature that drowned all the sailors?  
Bb Eb Cm  
The two must be one and the same.  
Ebmaj7  
I've seen them too many times to ignore them,  
Dm7 F  
Things nature did not mean to be.  
Eb F Dm Gmin  
Someday I'll find it, the kaiju connection,  
Eb F Bb  
King Kong and Godzilla and me.
